To the Joint Committee on Judiciary Members,

I urge you to oppose both SB-16 and HB-5416 as they are meant to hinder the legal purchase and ownership of firearms by law abiding citizens in the state of Connecticut. It does little to address the issues this state faces by the name attached to it.

It could be called the apples and oranges act as it has nothing to do with apples or oranges.

I urge you to not support such a law that will do little to stop gun violence as written.

Again, I urge you to oppose SB-16 and HB-5416.

Respectfully submitted,

Tom Cesnius.
